**PETITIONING THE COURT****To issue a summons.**

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
1 & 2	<p><b><u>Special Condition #18:</u></b> You shall abstain from the use of illegal controlled substances, and shall submit to urinalysis testing, as directed by the supervising officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.</p> <p><b><u>Standard Condition #9:</u></b> The defendant shall not associate with any persons engaged in criminal activity, and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer.</p> <p><b><u>Supporting Evidence:</u></b> On October 5, 2015, the offender violated conditions of his supervised release in Spokane, Washington, by providing a urine sample that tested presumptive positive for methamphetamine.</p> <p>On October 9, 2015, the offender was summoned to the U.S. Probation Office as a result of the presumptive positive specimen submitted on the noted date. At that time, the offender denied willfully consuming methamphetamine when questioned by the assigned U.S. probation officer. Russell Clinger self-disclosed that he "had some people over" and he "thinks one of the people used a spoon to shoot up meth." He went on to state that he had used the same spoon to make coffee, which "may have caused the positive result."</p>
